

AMT: Small Utility Pumps, Sump Pumps

ANOXKALDNES: IFAS and MBBR Systems for BNR, ENR and Plant Expansion Applications

AQUA-AEROBIC SYSTEMS: SBR, MBR, and AquaPASS® Systems, Floating Aerators and Mixers, AquaABF® Filters, AquaDisk®, AquaPrime™ and AquaDiamond® Cloth Media Filters, AquaMB Process®, Potable Water Membrane Filtration Systems, Aqua ElectrOzone™ Ozone Generation Systems, AquaNereda® Aerobic Granular Sludge System

AQUARIUS: Fine and Coarse Bubble Aeration Systems, Fixed Biofilm System (FBS), Advanced Biological Systems

CUSTOM CONVEYOR CORPORATION: Screw Conveyors, Belt Conveyors

D.R. CORDELL: Dumpster-Veyor™ Container Handling Systems

EBARA FLUID HANDLING: Wet Pit and Dry Pit Submersible Pumps

ECOVERDE: Odor Control Systems

EGGER TURO PUMPS: Centrifugal Pumps and Iris Control Valves

ENGINEERED TREATMENT SYSTEMS: Closed Vessel UV Disinfection Systems

ENVIRO-CARE: Headworks Screens including MBR Pre-Treatment Screens, Septage Receiving Units and Solids/Grit Handling Equipment

ENVIRONETICS: Floating Baffles and Covers, Clearwell Baffles

FONTAINE-AQUANOX: Stainless Steel Slide Gates, Stop Logs

FRANKLIN ELECTRIC: Grinder Pumps and Pump Stations, Package Submersible Pump Stations

FOURNIER INDUSTRIES: Rotary Press and Filter Press

G.E.T. INDUSTRIES: GrindHog™ Comminutors

GORMAN RUPP: Wastewater Pumping Stations, Sewage and Sludge Pumps, Water Booster Stations, Submersible Pumps, Engine Driven Pumps

HERON INNOVATORS: Suspended Air® Flotation (SAF™) Systems

H-TEC: Air Release and Vacuum Valves

KRUGER: BIOSTYR™, ACTIFLO™ and BIOACTIFLO™ Systems, Oxidation Ditches and Pure Oxygen Activated Sludge Systems, NEOSEP™ MBRs, Class A Sludge Systems, Potable Water Membrane Filtration Systems, STAMO Vertical Shaft Mixers

LANDIA: Submersible Mixers, Recycle and Chopper Pumps, Jet Aerators, Digester Mixing Systems

LIQUID TECH: Bolted Stainless Steel Tanks

OMNISITE: Wireless Monitoring Systems for Remote Sites

PARK PROCESS: Dewatering Containers for Sludge, Grit, Screenings, Polymer Mixing/Blending Systems

PATTERSON FLO-PAK: Water Booster Pump Systems

PURAFIL: Odor Control and Gas Scrubbers

PW TECH: Volute Dewatering Presses and Thickeners, CSO/SSO Products

RAMPARTS: Air Operated Diaphragm Pumps

SHELTER WORKS: Fiberglass Enclosures

SPS ENGINEERING: Circular Clarifiers, Thickeners, Flocculators, Rotary Distributors

THERMAL PROCESS SYSTEMS: ThermAer™ ATAD Class A Biosolids Reduction Process, MesoAer™ Class B Biosolids Reduction Process

TRIPLEPOINT: Advanced Lagoon Aeration and Treatment Systems

VOGELSANG: Rotary Lobe Sludge Pumps, In-Line Grinders, Macerators

VULCAN INDUSTRIES: Screens, Thickeners, Compactors, Grit Handling Equipment

OUR EXPERIENCED TEAM OF PROFESSIONALS

provide practical and cost effective solutions. From conceptual design and equipment selection through installation, startup and service, we are committed to providing great customer service and the right product for each application.
