Manufacturer's Representative
Water and Wastewater Industry

717-761-7884 • sales@envirep.com • www.envirep.com

Serving the Mid-Atlantic region for over 40 years!

Envirep represents leading manufacturers of equipment for pumping, storing, and treating potable water, wastewater, stormwater, landfill leachate, and biosolids.

We partner with consulting engineers, municipalities, owners, and industries to provide reliable pumping and process solutions, and expert assistance integrating equipment into your projects. Give us a call today!

Call today at 717-761-7884.
